

Dear Colleague:

There is a mailing list for women scientists, technicians and engineers at Fermilab, and you are invited to subscribe yourself to this list (instructions below). We meet generally once a month over lunch, but you are invited to subscribe to the list even if you think you will not be able to attend the lunches since this list provides a means of communication with other women working at Fermilab. The list is open subscription, and of course you can unsubscribe at any time as well.

The mailing list is women_scientists@fnal.gov.

To subscribe:

Send email to listserv@fnal.gov with an empty subject line and the words

subscribe women_scientists YourFirstName YourLastName

in the body of the message.

To unsubscribe:

Send email to listserv@fnal.gov with an empty subject line and the words

unsubscribe women_scientists

in the body of the message.
